## A Dental Newsletter

### WDA Award

Since our last newsletter Dr. Crane has received the Wisconsin Dental Association "Award of Honor". This award recognizes individuals for contributions and activities that reflect great credit on the dental profession. He was cited for his humanitarian work in Latin America, for his service on the Wisconsin Board of Dental Examiners, his active involvement in continuing education, and his ongoing technical research. Dr. Crane has been a lifelong member of the American Dental Association and the Wisconsin Dental Association. Since 2007 he has served as the president of the Chippewa Valley Dental Society.

### Cancer Hits Home

In the United States one in six men will be diagnosed with prostate cancer and one in eight women will be diagnosed with breast cancer. Dr. Crane was diagnosed with prostate cancer in December 2010 and had surgery at the Mayo Clinic in Rochester in February 2011. He had no signs of cancer after three months.

His surgeon has performed over 2,000 of these surgeries, 200-300 per year. Feel free to ask Dr. Crane about his experiences. He would be happy to help anyone obtain an appointment for any type of care at the Mayo Clinic.

All of our dental patients are continually evaluated for oral cancer and other diseases during their initial exam and on recall appointments.

### Whitening Special \$175

Beautiful smiles are the result of many factors. Healthy gums and front fillings that match the teeth are basic. After that whitening of the teeth can make a big difference. As a special service to our patients we are now offering whitening of both upper and lower teeth for \$175, using custom made trays that are worn at home for a short time each day.

For people with sensitive teeth a special desensitizing toothpaste can be purchased for \$18 per tube. Refill whitening gel is \$25 per tube or two tubes for \$40.
